Education

Certified Front-End Software Engineer | 2021
Kenzie Academy - Indianapolis, IN

Full-Stack Web Development | 07/2021
Kenzie Academy - Indianapolis, IN

Experience

Software Development | Kenzie Academy - Indianapolis, IN | 07/2020 - Current

- Proficient knowledge of front-end and back-end industry technologies, libraries, and frameworks. Including React, Django, and Node.
- Projects utilized object-oriented programming, unit testing, test-driven development, RESTful APIs, virtual environments, and user authentication.

Warehouse Associate | Labatt Warehouse - Houston, TX | 07/2018 - Current

- Positioned lifting devices under, over or around loaded pallets, skids and boxes and secured material for transport to designated areas.
- Maneuvered trucks into loading or unloading positions, following signals from loading crew and checking that vehicle and loading equipment are properly positioned.
- Packaged items with appropriate materials to prevent damage during shipping.
- Stocked and rotated products, supplies and paper goods to optimize freshness.

Associate | Sam's Club - Houston, TX | 01/2016 - 07/2018

- Pleasantly helped customers by finding requested items, boosting store revenues and improving retention rates.
- Added labels to products, rotated current stock and professionally arranged merchandise.
- Cleaned shelves and restocked with new inventory when products stock ran low.
